

HOLIDAY WISH LIST 2010

Ronald McDonald House Toronto provides the simple things that put joy and normalcy back into families' lives. Such as, sitting down for a home-cooked meal together, waking up together under one roof ready to face the tough day ahead, and laughing and playing with their kids in one of our supportive programs. Home is where we feel the best healing happens. Our Wish List is updated regularly as we encounter new challenges in House operations and attempt to address the evolving needs of the families that request our help. If you want to support the House with a gift-in-kind, below you will find the items we need most. Thank you for your support!
